CONQUEST™ PRODUCT LINE
INDUSTRIAL & COMMERCIAL GRADE

CONQUEST CASE® · SINGLE LID

WHY CHOOSE SINGLE LID

Built with aircraft grade aluminum. ConQuest single lid cases are performance grade carrying cases, transit cases and shipping cases.

OVERVIEW

ConQuest aluminum single lid cases are performance grade carrying cases, transit cases and shipping cases. Designed and manufactured using premium grade materials, they offer superior strength, performance and life over the competition, at a deployable weight.

WHY CHOOSE A SINGLE LID CASE FROM CONQUEST

// 01 HIGH STRENGTH ALUMINUM CASE SHELL

ConQuest single lid case shells are manufactured from 5052-H32 aluminum, one of the strongest formable aluminum alloys, in three performance grades: Standard, Medium and Super Duty.

// 02 RIVETED CONSTRUCTION

ConQuest cases are fabricated from aluminum using a proprietary formed panel joint system and riveted construction.

// 03 HIGH STRENGTH VALANCE SYSTEM

Impact's proprietary high strength square tubular valance and corner lug system ensures that ConQuest cases remain square with reinforced corners and will not separate over time.

// 04 HIGH STRENGTH CASE HARDWARE

ConQuest cases are supplied with premium grade high strength, recessed zinc plated hardware or 300 series black surface hardware.

// 05 CASE SHELL FINISH

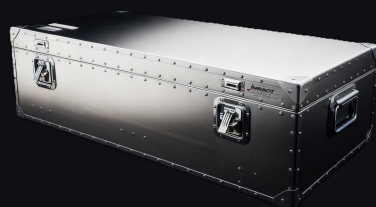

ConQuest single lid cases are supplied in the mill finish as standard. Powder coat finishes are optional.

// 06 COMPLETE RANGE OF SIZES

ConQuest single lid cases are manufactured in a full range of sizes, from compact carry cases to large shipping trunks to suit any application.

SHELL GRADES

STANDARD DUTY	0.063 in. (1.60mm)
MEDIUM DUTY	0.090 in. (2.29mm)
SUPER DUTY	0.125 in. (3.18mm)
MATERIAL	5052-H32 Aluminum
STD FINISH	Machine Sanded

BUILT TO OUTLAST THE JOB.

Performance grade aluminum shipping and transit cases, sized and finished to your mission.
