

— TARGET CASE® MILITARY · DEFENSE GRADE

## HALF-RACK CASE

Full mission capability in a 9.5" footprint. The same watertight, shock-isolated protection as the full rackmount line, sized for single-operator mobility.

### OVERVIEW

Target 9.5" Half-Rack Cases are available in 4U, 5U, 6U, 7U, 8U, 9U and 10U standard sizes, and in any depth required based on your application. Standard body and lids are 0.063 in. (1.60mm) 5052-H32 aluminum; H-D case body and lids are 0.090 in. (2.29mm) 5052-H32 aluminum. Built on the Target™ Rackmount platform, every rackmount feature carries over, scaled to a 9.5" footprint.

### SHOCK ISOLATION

|               |                   |
|---------------|-------------------|
| 20-49 LB      | Shockset A · 8    |
| 50-99 LB      | Shockset B · 8    |
| 100-150 LB    | Shockset C · 8    |
| SIZES         | 4U-10U, Any Depth |
| RACK STANDARD | E.I.A. 310        |

### KEY FEATURES

#### // 01 WELDED CONSTRUCTION

Fully seam welded shell with the patented dual-gasket valance system and chamfered lid design.

#### // 03 BLACK ANODIZED FRAMES

Internal load spreaders, protective ribs and a stackable skid pad system throughout.

#### // 05 PATENTED VALANCE SYSTEM

Square tubular valance, corner lug and dual gasket system, U.S. patent 8,002,490.

#### // 07 SKID PAD SYSTEM

Machined, stackable skid and stacking pads protect the case shell during handling.

#### // 02 SHOCK / VIBRATION ISOLATION

Rack frames mounted on 1" elastomer isolators, three shockset configurations across 20-150 lb payloads.

#### // 04 IP66 RATED

1" sway space and pressure relief valve keep sensitive payloads sealed and protected in transit.

#### // 06 STAINLESS STEEL HARDWARE

300 series stainless hardware throughout for all-weather durability.

#### // 08 POWDER COAT FINISH

Durable low luster finish in seven standard military colours, custom finishes available.

TARGET™ HALF-RACK  
STANDARD OPTIONS

## HALF-RACK OPTIONS

# STANDARD OPTIONS

Target Case™ Military half-rack cases are available with a full range of value added options and rack accessories.

### LIFT / TIE-DOWN

#### DELTA RINGS

Four 300 series stainless steel delta lift and tie-downs, black, on backing plates.

### SECURITY

#### PADLOCK HASPS

Two rigid 300 series stainless hasp assemblies installed on each lid.

### HANDLING

#### FORKLIFT PROVISIONS

Standard on all case sizes. Custom forklift platform systems available on request.

### STORAGE

#### STORAGE POUCH

Installed in one or both lids for manuals, tools, cables and peripherals.

### IDENTITY

#### ID TAGS & MARKINGS

Plates identify each case with part number, serial number and manufacture date.

### INTEGRATION

#### CUSTOM CONNECTOR PANELS

Recessed or surface, built specifically to your systems integration requirements.

### LINKING

#### COUPLING CATCHES / LINKING LATCH

Footman loops with removable coupling catches to secure cases together.

### MOBILITY

#### REMOVABLE / PERMANENT CASTERS

Four 4 in. removable casters with store-in-lid kit, or permanent swivel casters.

### RACK ACCESSORIES

#### SUPPORT RAILS

Top and bottom, adjustable horizontal, and adjustable vertical equipment rails.
